

A vibrant Scarlet Macaw (Ara) is perched on a weathered wooden post. The parrot's plumage is a brilliant mix of red, orange, yellow, and blue, with long red tail feathers extending downwards. It has a large, dark, hooked beak and a white patch around its eye. The bird is positioned in the center-right of the frame, facing left. A white, stylized camera viewfinder overlay is centered over the parrot, with rounded corners and a thick white border. In the background, large, green, tropical leaves are visible, creating a lush, natural setting. The lighting is soft, highlighting the textures of the feathers and the wood.
